

# User Stories Document

As a <user role>, I need to <feature needed> because of <benefit>

As an incoming freshman, I need a course recommender so I know what courses I could/should take.

As an incoming freshman, I need difficulty analyzer for my schedule so I don't get in over my head.

As an incoming transfer student, I need a course scheduler so I know what classes I should be taking when to graduate.

As a returning student, I need a graduation requirement checklist so I know what I have to do to graduate.

As a disorganized person, I need an application that will save my schedule between semesters so I don't lose track of my long term plan.

As a user I need a way to export the schedule that I created

As a student I need to know which courses meet general education requirements

As a student I need to be able to find courses that would progress my degree during certain time slots.

As a student I need to be able to visualize pre requisites of my class

As a user I need to be able to log in to save and retrieve progress I have made on the application

As a student I need suggestions on which classes I should take to work on my degree.

As an advisor I need a way to double check that my advisee is on track to graduate

As a picky student, I need a professor evaluator so I know which professors will help me succeed.

As a potential employer I need an application which will help inform me what my applicants have studied.

As a student with many interests, I would like to know how best to introduce secondary majors and additional minors into my schedule.
